MANY CHANGES TO OCCUR

**In Personnel of Several Ma-
jors, Including Sale of the

Players of Federals Given
Immunity Bath, Eligible
to Organized Baseball.**

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Dec. 23.—Peace be-
tween the warring factions in base-
ball was realized when representa-
tives of the Federal league and or-
ganized baseball reached an under-
standing and signed an agreement
here last night.

After the signing of the peace
pact, a telegram was received from
Baltimore, stating that Federal club
officials of that city would try to up-
set the peace agreement by request-
ing Federal Judge Landis in Chicago
not to dissolve the anti-trust suit
which the Federal league officials
brought against organized baseball.

Members of the National Commis-
sion and club owners of the two
major leagues read the telegram with
deep interest, but did not appear to
believe that it would have any ef-
fect in blocking the ending of the
baseball war.

President Tener of the National
league, who acted as spokesman for
the peace conferees said they would
go ahead with their plans and ask
permission of Judge Landis to with-
draw the suit.

Two propositions concerning the
International League were left open
for settlement by the conferees. One
of these was a request by the Buffa-
lo Federal league club that it be con-
solidated with the Buffalo Interna-
tional league club. This was strenu-
ously objected to by the Interna-
tional league.

The other question related to Bal-
timore Federal league park. Jack
Dunn of the Richmond, Va., team
contended that he had a legitimate
right to an International league
franchise in Baltimore in the event
that peace was declared, and he
sought the right to use the Federal
league grounds for his International
team. However, his figures for the
grounds and those of the Federal
league were so wide apart that no
agreement could be reached.

It was finally decided to leave
these matters to a committee for set-
tlement. This committee will meet
here January 3, the same time the
National commission holds its an-
nual meeting.

By the terms of the peace pact
Charles Weegham, who was presi-
dent of the Chicago Federal league
club, is expected to become chief
owner of the Chicago National team
through the purchase of stock in
that club from Charles P. Taft of Cin-
cinnati.

The agreement further provides
for the disposal of the St. Louis
Americans to Phil Ball and his as-
sociates in the St. Louis club.
All players of the Federal league
clubs, including those who jumped
their contracts with the two major
and minor leagues were given an
immunity bath and are now eligible
to organized baseball.

No general distribution of players
will be made, but the Federal league
which is to assume all of the con-
tracts of players of that organization
will probably sell the desirable men
to the highest bidder.

HISTORY OF THE FEDERAL LEAGUE, FORMED IN 1913

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 23.—Numerous law-
suits over the claim of players, finan-
cial tangles, tempting offers to the
stars of organized baseball, and a
maze of developments are written in
pages of history of the Federal
league, which today passed out of ex-
istence.

Chicago men, Chicago capital,
and two well known Chicago ball
players are chiefly responsible for
making the Federal league. James
A. Gilmore, president of the organi-
zation, and Charles H. Weegham,
president of the Chicago club, de-
veloped the organization. Joseph B.
Tinker, and Mordecai Brown, veter-
ans of the Chicago "Cubs" were the
first stars to go to the Federals and
their example brought other players
from the forces of organized base-
ball.

The league was formed in 1913 by
John T. Powers of Chicago. Six
clubs composed the circuit—Chicago,
St. Louis, Pittsburgh, Cleveland, In-
dianapolis and Covington, Ky. When
President Gilmore succeeded Powers,
the Covington club was switched to
Kansas City, and the six clubs which
wound up the 1913 season, finished

JAP CRUISER SUNK WITHOUT ANY WARNING

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 23.—The new Japan-
ese liner, Yasaka Maru, which was
sunk in the eastern Mediterranean,
Tuesday, by a submarine, while the
steamer was on her way from Lon-
don to Japan, with 120 passengers,
and a crew of 160 aboard, was sent
to the bottom without warning, ac-
cording to a report received from
Port Said from the agents of the
vessel. All of those on board the
ship, including one American pas-
senger, W. J. Leigh, were saved. The
nationality of the submarine is not
mentioned by the agents. Previous
reports referred to the sinking of
the ship as done by either an Aus-
trian or German submarine.
The Yasaka Maru was sunk Tues-
day afternoon. A French gunboat
picked up the passengers and crew
at midnight, and landed them at
Port Said, Wednesday morning. The
company provided hotel accommoda-
tions for them and is arranging to
forward them to their destinations.
On the passenger list were 51 men,
54 women and 15 children, most of
whom were British subjects.

EXCITEMENT AT TOKIO.

Tokio, Dec. 23.—News of the sink-
ing of the Yasaka Maru reached To-
kio today and caused great excite-
ment. The advances received here
say the steamship was sunk by a
submarine near Port Said.

Advices received by the Nippon
Yusen Kaisha state that the Yasaka
Maru was torpedoed without warn-
ing, and that she sank in 49 minutes.
This occurred in the afternoon of
Tuesday and it was midnight when
the passengers and crew were res-
cued by the French gunboat.

LEIGH BORN IN CHINA.

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 23.—W. J. Leigh is
an American citizen, born in China.
His father was a Californian.
Mr. Leigh has spent most of his
life in China, but recently has lived
in England. He was returning to
China, on the Yasaka Maru to take
a position with a business house.
His family is in London. Mrs.
Leigh has received a cable message
saying her husband is safe.

PREPARING FOR ATTACK

**French Claim Advances In

the Strategic Position, Oc-
cupied Since Last April.**

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 23.—Proclamation
of martial law in Greece is reported
unofficially to be imminent. Al-
though no confirmation of this re-
port is available there is evidence
of growing uneasiness at Athens over
the possibility that Bulgarian
troops will cross the border. The
only thing which has occurred to re-
lieve the situation is the announce-
ment that the Bulgarian officer in
command of the force which clashed
with the Greeks in Epirus has been
punished and that the incident is con-
sidered closed.

Recurrence of submarine activity
in the near east is signalized in a
startling manner by the sinking of
the Japanese liner, Yasaka Maru.
Apparently there was no loss of life,
but according to marine insurance
men, the property loss was the heav-
iest incurred in any maritime disas-
ter of the war. The nature of the
valuable cargo remains undisclosed.

The mystery of the bombardment
of Varna, which was at first depicted
as a formidable Russian attack on
the chief Bulgarian port has stirred
London, but according to reports
from both sides, it was nothing more
than a minor naval action among tor-
pedo boats, in which the shore bat-
teries participated. However, a
large Russian fleet is said to be in
the vicinity of Varna, and the action
may be merely the preliminary to a
serious Russian attack.

Hartmann-Weilerkopf is once more
a subject of contention. Possession
of the summit of this mountain has
been disputed so closely by military
forces, as well as by those who of-
ficially record their movement, that
an Associated Press correspondent
was called upon last April to decide
the relative positions of the opposing
sides. In the present instance the
French assert they have expelled the
Germans from their highest trench-
es. The Germans admit retirement
from the summit which they assert
they had occupied since April. The
French claim they have not only ad-
vanced their positions substantially
notwithstanding the fact that the
Germans succeeded in occupying
some of the lost trenches, but have
forested in a measure an offensive
which the Germans had been prepar-
ing in the Vosges.

CLAIM TO HAVE RECAPTURED THE MOUNTAIN SUMMIT

(ASSOCIATED PRESS TELEGRAM)
Berlin, Dec. 23.—(Via London.)
—The war office announced today
that the summit of Hartmanns-
Weilerkopf, captured earlier in the
week by the French, had been re-
gained by the Germans.

The text of the statement follows:
"Western theatre of war: During
hot fighting yesterday, a brave re-
sult of the Eighty-second landwehr
brigade recaptured the summit of
Hartmanns-Weilerkopf. The enemy
suffered extraordinarily severe losses
and left 23 officers and 1,530 men in
our hands. We are now busy clear-
ing some portions of a trench on the
northern slope which is still occupied
by the French."

"The figures given in the French
report of yesterday evening regarding
the fighting around Hartmanns-
Weilerkopf on the 21st instant, are
exaggerated by at least one-half. Our
losses including all the killed,
wounded and missing, so far as at
present ascertained, amount to 1,100
men."

"There is nothing to report from
the eastern and Balkan theatres of
war."

Steamship Empress Captured a Collier In Indian Ocean

(ASSOCIATED PRESS TELEGRAM)
Vancouver, B. C., Dec. 23.—Offi-
cers of the Canadian-Pacific trans-
Pacific steamship, Empress of Japan,
here today, after completing twelve
months' service in the British ad-
miralty, reported that the vessel's
most important war exploit was the
capture of the British collier, Exford,
which had been previously captured by
the German raider Emden and provided
with a prize crew. The Empress ran
across the collier in a fog in the In-
dian ocean, and after stopping her
with a few shots across her bow, took
her in charge.

Free Advocates to Newsies

Following the custom inaugurated in Newark in
previous years by this newspaper, The Advocate is
today supplying the newsboys with papers free of
charge. Each newsboy is given as many copies of
today's paper as he wants and each "newsy" is per-
mitted to keep the entire proceeds of his day's sales.
The sales of today's Advocate will help to make the
Newark newsboys' Christmas a merry one.

CHRISTMAS EVE

Christmas eve is almost at hand. For many it will be a happy
time, but perhaps not for all. In order that everybody in Newark at
least every child in Newark, may be happy on Christmas eve, the Com-
munity Christmas Tree was planned and the community Christmas tree
fund was started. This fund is not growing as it should and the time
is short. Last year through the truant officer, Salvation Army Captain
and juvenile officer the fund was expended wisely and used where it
did great good. This year the fund will again be used to spread Christ-
mas cheer in Newark. Let those who can, give freely in order that
there may be no condition in Newark such as pictured in the accom-
panying illustration. Send your contribution to the Advocate tomorrow, if
you please.

A. L. Rawlings Enters a Plea Of Not Guilty

**Case Proceeded to Trial After Counsel for Defense Failed

for Change of Venue Denied by Judge Harry
Jewell, Who Is Presiding**

ELOQUENT PLEA MADE BY ATTORNEY W. D. FULTON

**In Behalf of His Client When Case Was Called for Hear-
ing—Work of Impaneling a Jury In Progress This
Afternoon and Case May Have to Go Over Until the
Coming Week—Former Music Dealer Enters Plea of
Not Guilty to Indictment—Courtroom Crowded When
Bailliff Emswiler Called Afternoon Session to Order.**

Judge Harry Jewell, Thursday afternoon overruled a motion by the
defense in the Rawlings case for a change of venue and ordered the case
to proceed. The indictment was read to the defendant by clerk B. O.
Horton. Rawlings entered a plea of not guilty and the work of impan-
elling the jury to hear the case was begun.

Never in the history of the court-
room of the common pleas court
have the walls echoed a more im-
passioned speech than that which
was delivered Thursday morning by
Attorney W. D. Fulton, counsel for
the defense, when the case of the
State of Ohio vs. A. L. Rawlings was
called for trial.

Long before the case was called
by Judge Harry Jewell of Delaware,
the courtroom was crowded with
spectators and members of the legal
profession. When Judge Jewell asked
counsel for the defense if they were
ready to enter a plea, Attorney
Fulton asked that he be heard upon
a matter before the case began. It
had been intimated in legal circles
that the defense would ask for a
continuance and that the motion
would be contested by the state. Mr.
Fulton said:

"If the court please at this time
in behalf of my client, we desire to
protest for the compelling of the de-
fendant to go to trial on Christmas
Eve and I now ask that the case be
continued."

"I might state that this case is
any different from any other case;
I do not understand that there is a
howling mob on the outside de-
manding that this man be tried, or
demanding that he be put to death."

"I do not understand, if the court
please, that the public sentiment is
so strong that it forces this man to
go to trial just at the time that we
are singing the song that never dies.
The same song that angels sang cen-
turies ago and it has never ceased to
sound among the tumult of the
world's life; the song of the Manger
of the first Christmas dawn of the
Bethlehem of long ago."

"If the court please on the outside
of this court place there has been
erected a Christmas tree. Tomorrow
night that tree will be lighted with
thousands of electric lights pro-
claiming that Christmas tide has ar-
rived. Around that tree there will
be Christmas carols sung, 'Peace on
Earth and Good Will Toward Men.'"

"Shall we allow it to be proclaimed
to the world that there is no such
a thing as forgiveness; that there is
no such a thing as charity, simply
because home selfishness intervenes
and has taken the place of love and
brotherhood."

"I have been a neighbor of Mr.
Rawlings for a number of years and
outside of this one accusation, I
have known him to do no wrong. He
has a loving wife and four children.
What about them?"

"I am not blaming this court for
setting the case down at the present
time, but I begged the county pro-
secutor to set this case after Christ-
mas, the 28th or any time, but he
said that public sentiment was so
strong that it ought to be tried."

"Is this poor man's wife, children
and relatives to be tortured? Is his
home to be saddened—for no earth-
ly reason at all—at the very time
when the Prince of Peace should
cover the earth as the waters cover
the sea—at the very time when men
should sing the harmony of holiness
and while the whole world would
should join in the sympathy of peace."

"In the name of my client, in the
name of the family and in the name
of justice and fairness, I have inter-
viewed many men as to the setting
of this case at this time. And not
a single one has said they thought
it fair for these reasons. If the
court please I ask the continuance
of this case."

"The Christmas spirit is upon the
community, the jurors, the attor-
neys, and the court will feel its ef-
fects and I do not believe that my
client in the face of this can receive
a fair and impartial trial. If the
court please I ask for a continu-
ance."

County Prosecutor J. W. Horner,
who is assisted by Attorneys J. F.
Jones, representing Harry Swisher
and A. A. Stasel, acting for Cin-
cinnati interests, in the prosecution of

the Rawlings case, replied to Mr.
Fulton's motion.

"I cannot understand why the
statement should be made by Mr.
Fulton that I am responsible for the
case being brought to trial at this
time. If the court please, I have
been a good friend to Mr. Rawlings,
but when I was elected to the of-
fice of county prosecutor by the
commonwealth I took the oath of
office to do my duty and that is
why I will endeavor to prosecute
this case, in an honest and impar-
tial manner. Mr. Rawlings I have
known for the past 15 years and we
are fraternal brothers, but he is just
the same now in this case as any
other man."

Judge Jewell following the prose-
cutor's remarks stated for the bene-
fit of the counsel for defense, that
the court had set the case at this
time according to an understanding
made with the attorneys in the case
upon his last visit to Newark. He
explained that he said he would call
the case some time for the holidays,
but owing to the heavy docket at
Delaware he was unable to comply
sooner.

Attorney W. M. Koons, of Mt. Ver-
non, counsel for the defense then
made a few remarks substantiating
Attorney Fulton's. "I think the
case," said Mr. Koons, "is of con-
siderable importance and the hurry
of the jurors to get back to their
homes for Christmas, will render al-
most impossible for the defendant
to receive a fair and impartial
hearing." Attorney Fulton then
apologized to the county prosecutor
for his remarks, relative to the set-
ting of the case.

The court overruled the motion
for a continuance made by the de-
fense. "Stand up Mr. Rawlings,"
said Judge Jewell. But before the
defendant could arise, Attorney Ful-
ton was on his feet saying he desired
to submit a demurrer. "Well
hurry," ordered the court.

Mr. Fulton stated to the court
that the defense had filed demurrers
to all of the indictments returned
against Mr. Rawlings by the grand
jury. "The motion of demurrer is
overruled and you may note an ex-
ception, stand up Mr. Rawlings,"
ordered the court.

Again the defendant started to
comply with the court's order, but
again Mr. Fulton stayed him. Mr.
Fulton then presented to the court
eight affidavits supporting a motion
by the defense for a change of ven-
ue. The affidavits were signed by,

MOONSHINERS CAPTURED IN WEST VIRGINIA

(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., Dec. 23.—R.
E. Hayes, and R. F. Borton, federal
revenue officers, returned to Char-
leston, last night, after a raid in the
moonshine district of Nicholas county.
They brought with them Robert and
George Thomas, who they say have
been operating illicit whisky stills
in the mountains. The officers took
a complete distilling outfit which
gave evidence of having been in re-
cent use, and a lot of materials. It
has been known for a long time that
moonshining was in progress in
Nicholas county, but repeated raids
during the past few years have
been attended by indifferent suc-

AUSTRIA MAY CONCILIATE THE UNITED STATES

(ASSOCIATED PRESS TELEGRAM)
London Dec. 23.—"America clearly has made up her mind there shall be no repetition of the evasion which attended the Lusitania correspondence," says the Westminster Gazette. "By all ordinary precedents Austria is left but one option to concession to the American demands, and that is breaking off diplomatic relations." The Gazette believes it probable Austria will conciliate the United States rather than take an extreme step, as recall of the American ambassador would be an injury to the central powers whose present disposition, it says, is to keep on as good terms as possible with America.

U. S. NOTE RECEIVED.
(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 23.—The state department received today from Ambassador Penfield at Vienna in brief despatch announcing the receipt there of the Ancona note at six p. m. Tuesday.

UNITED STATES' REPLY TO THE AUSTRIAN NOTE

Washington, Dec. 23.—The reply of the United States to Austria's note on the destruction of the Italian liner Ancona declares that the official admission of the Austrian admiralty that the liner was torpedoed after she had stopped and while passengers still were aboard, alone is sufficient for the American demand for disavowal, reparation and punishment of the submarine commander.

Secretary Lansing's second note, already probably in the hands of the Austrian foreign minister, and made public here today, renews the demands of the United States and says the details to which Austria referred her reply to the first American communication, are in no way essential to the discussion. It emphasizes that continuance of good relations between the two countries depends upon the action of the Austrian government. The full text of the note which is addressed to American Ambassador Penfield, follows: The government of the United States has received the note of Your Excellency relative to the sinking of the Ancona, which was delivered at Vienna on Dec. 15, 1915, and transmitted to Washington, and has given

the note immediate and careful consideration.
On Nov. 13, 1915, Baron Zwiédinck, the charge d'affaires of the imperial and royal government at Washington, transmitted to the department of state a report of the Austro-Hungarian admiralty with regard to the sinking of the steamship Ancona, in which it was admitted that the vessel was torpedoed after her engines had been stopped and when passengers were still on board. This admission alone is, in the view of the government of the United States, sufficient to fix upon the commander of the submarine which fired the torpedo the responsibility for having wilfully violated the recognized law of nations and entirely disregarded those humane principles which every belligerent should observe in the conduct of war at sea. In view of these admitted circumstances the government of the United States feels justified in holding that the details of the sinking of the Ancona, the weight and character of the additional testimony corroborating the admiralty's report and the number of Americans killed or injured are in no way essential matters of discussion. The culpability of the commander is in any case established, and the undisputed fact is that citizens of the United States were killed, injured, or put in jeopardy by his lawless act.

The rules of international law and the principles of humanity which were thus wilfully violated by the commander of the submarine have been so long and so universally recognized and are so manifest from the standpoint of right and justice that the government of the United States does not feel called upon to debate them and does not understand that the imperial and royal government questions or disputes them.

The government of the United States therefore finds no other course open to it but to hold the imperial and royal government responsible for the act of its naval commander and to renew the definite but respectful demands made in its communication of the 6th of December, 1915. It sincerely hopes that the foregoing statement of its position will enable the imperial and royal government to perceive the justice of these demands and to comply with them in the same spirit of frankness and with the same concern for the good relations now existing between the United States and Austro-Hungary which prompted the government of the United States to make them.

AGREEMENT

(Continued from Page 1.)
the nucleus of the organization which waged a war against organized baseball for two years.

The biggest surprise of the Federal's was sprung in December, 1913, when President Gilmore announced the signing of Tinker as manager of the Chicago club and Brown as manager of St. Louis. The league was expanded to include eight cities. Alluring salaries were offered the stars of organized baseball and scores of them joined the invaders.

Men of wealth in Pittsburgh, St. Louis, Brooklyn and other cities were

interested in the league and costly ball parks were constructed early in the season of 1914. The season ended with a series for the championship between Indianapolis and Chicago, Indianapolis winning.

Before the start of the 1915 season, the Indianapolis franchise was switched to Newark, and Kansas City, after a bitter court fight, retained its club, which league officials had threatened to place in the east. Last January the league attacked organized baseball as a violator of the Sherman anti-trust law. Suit was filed in the United States district court in Chicago. Judge Landis deferred his decision, and has not handed down an opinion. The suit, according to plans, will be withdrawn.

Overtures for peace started in 1914, but did not progress until the close of last season, which was disastrous to nearly every ball club in all parts of the country. The peace proposals reached a climax only recently when the federal league announced its plan to build a park in New York City, and launch a team there next spring.

ELBEN SECURES QUARTERS FOR WINTER MONTHS

Edward Elben, known to the city police officers as "Granny," has been assigned to quarters at the city prison for the period of cold weather which is ahead of him, and by the time he has concluded his visit with Jailor McClure, the Ground Hog's prediction as to the length of winter will have been tested out.

He was charged with drunk and disorderly conduct. On each offense he was fined \$10 and costs and having no money, was ordered committed to jail. The court also ordered the remaining days of an unexpired sentence to be served out. His time will expire about March 1. One other drunk was fined \$5 and costs suspended.

Harry Baker and William Allen of Washington street were arrested last night on charges of destruction of property and the cases will be continued until Friday morning.

Select Those Forgotten Gifts From This Well Stocked Store.

After one thinks their entire shopping list is all checked up and every gift they had thought of buying is supplied, a little silent meditation brings to light that some one had been overlooked. Not intentionally, but in the great rush of holiday shopping it is simply impossible to catalog everything in one's mind. This need not worry you. Come to this store, packed from top to bottom with practical gifts for every member of the family. It is here that you will find some gift that will best express the spirit of Yuletide--a lasting remembrance that will be appreciated and remembered long after Christmas has been forgotten.

Our salespeople have worked like Trojans this week. Every one is a partner in the great activities of this store and are receiving a most liberal percentage on every sale they make. This innovation has created a feeling of deep appreciation from our employes and they realize the bigger the sales the greater their salary will be on Christmas Eve. Increase the sales of your favorite clerk by letting her supply any gifts that you may still have to buy.

It is needless for us to call your attention to the fact that tonight and tomorrow are your last opportunities to shop before Old Santa ushers Xmas in. Shop early tonight and by all means try to shop in the morning tomorrow if possible. The store opens promptly at 8 a. m., and from then on to 10 a. m. are the most comfortable hours to shop. Salespeople are rested, stocks are arranged and the crowds are not so noticeable. For your own benefit shop in the morning.

fleet, for the purpose of presenting their views to the Americans. He further announced that the Indians were holding in captivity Mrs. John Lehr, two young girls and two small children, all of the same family. They were carried away by the Indians during the raid on Sauquegran last month.

It is reported that Mrs. Lehr is a Mexican whose husband is an American when the second Yaqui raid began.

According to accounts received today from settlers, the Indians have destroyed all the buildings and property where they have taken charge, but as yet, no reports have been received of any Americans or other foreigners being killed.

On account of lack of ammunition Waldo Sheldon and Barrett Jones, two young men from Greenwich, Conn., who were conducting a large ranch and who last spring were successful in driving off the Indians, were compelled to abandon their property during the night and after a long journey through the Indian lines, succeeded in getting out with only a skirmish in which no one was injured.

Most of the settlers are practically destitute and many are thoroughly disheartened it is said. An official of the Richardson Construction company, received a telephone message from Montero, one of the Yaqui chiefs, stating that the Indians desired to have a conference in the mountains with Admiral Winslow, commanding the United States Pacific

HIPOLITO VILLA IS UNDER ARREST AT SAN ANTONIO

(ASSOCIATED PRESS TELEGRAM)
El Paso, Texas, Dec. 23.—The warrant on which Colonel Hipolito Villa was arrested in San Antonio last night by state authorities charges him with obtaining \$10,000 from Victor Carruso by means of a check which was returned from the bank marked "no funds" it was learned today. Carruso is a commission merchant and during the last two years has supplied thousands of dollars worth of munitions to the Villa faction.

Colonel Villa left here Wednesday night in an automobile and boarded the train at a small station thirty miles east. When the owner of the

RETURNS TO FACE SWINDLING CHARGE

San Antonio, Texas, Dec. 23.—To forestall habeas corpus proceedings by which Colonel Hipolito Villa might have obtained his liberty before documentary proof could have been obtained from El Paso, Colonel Villa, accompanied by a detective, was started for El Paso this morning at 4:50 o'clock. Villa was arrested here last night on a Southern Pacific train from the west, the arrest being based on a message from the El Paso chief of police, charging Villa with swindling. Villa agreed to return and face the charge without formal court orders and even consented to pay his and the detective's fare.

Local officers were informed today that Villa will be met by the El Paso chief some distance east of El Paso and taken to jail to await the filing of bond.

Villa slept little last night, although provided with a comfortable room in the city jail.

YOUNG GOTCH SENDS DEFTY TO PAUL BOWSER

Young Gotch, Columbus wrestler, doesn't like Paul Bowser's reference to "cold feet" which the Newark wrestler is said to have made in challenging Gotch following the bout in Columbus last week. In a letter to the sporting editor of the Advocate, Gotch says he is willing to meet any man Bowser can produce. His letter is as follows:

"Dear Sir:—Paul Bowser, your local wrestler, appeared at the Lyceum theatre here last week, and after his match issued a challenge to wrestle me, taking particular pains to remark that I had "cold feet," in regard to meeting him.

"I notice that there is a wrestling match in your town next Christmas afternoon. I wish to state that I am willing, just to prove my worth and give the fans of Newark a line on my ability, to take on any man Paul Bowser can produce.

"I trust you will bring this to his attention, and greatly oblige.

"Yours truly, Al Haft, "Young Gotch."

Bowser will meet Young Pardella here Christmas afternoon at 2:30 o'clock in a match at the Music Hall.

Two good preliminaries have been arranged to precede the main bout. Pardella and Bowser are training hard for the match and local fans are looking forward to a good match.

NESSER BEATS MIKE SPRENG IN 2ND ROUND

Columbus, Dec. 23.—Fred Nesser, Columbus heavyweight, beat Mike Spreng of Akron in less than two rounds in their scheduled six-round bout at the East Side Market arena before the "Snakes" club last night. Although the boxers were uneven as to size and weight, Spreng started off like a whirlwind and hit the Columbus pride a couple of stiff punches in the jaw.

It was here that Nesser showed that he has all of the stuff that goes to make a real scrapper, as he went strong after the Akron man. Then the outcome was never in doubt. With a straight left jab to the face and straight right to the stomach, Nesser drove the Akron boy to a clinch and when they broke away, Nesser put a left hook on the jaw that staggered Spreng. At the first song the Akron boy had a very serious look on his face that meant that he realized that it was only a question of time until he was through.

When they came out for the second round, Nesser was after his mark like a wildcat. From a left jab to the face and right to the body several times, Spreng was willing to hold on. When he was about all through, in attempting to duck, a vicious swing, he slipped to the floor and Nesser fell on him. Referee Bierhalter counted Mike out. It was announced that he had suffered a dislocation of the right arm. It was a saving accident, for Spreng could hardly have survived the round from the clip that Nesser was taking him.

TINKER BETTER, DOCTOR TELLS HIM OF BIRTH OF A SON

Chicago, Dec. 23.—Joseph Tinker, manager of the Chicago Federal league baseball club, was told by his physicians today that he was out of danger from his recent operation and could leave the hospital in a few days. What seemed to please the bawls player more, however, was the announcement of the birth this morning of an 11-pound son. Tinker now is the father of three boys.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, a German folks call it "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

NEWARK HIGH WINS 44 TO 29 FROM ALUMNI

Before a good crowd, and with the school orchestra furnishing the music, the basketball season was opened at Hickey's hall last night. The Alumni team was composed of students from Denison and Wesleyan universities, and "Louie" Orr, of football fame. The High boys appeared in their new uniforms which made a very pleasing appearance, and reflected credit to the selector, both for service and looks.

There were two games—the curtain raiser was between the Freshmen and the "All Stars," a team selected from the other classes. The Freshmen won 13 to 12 in a close finish, securing all of their markers in the last period. Brubaker played best for the "All Stars," while Hornby and Sturgeon divided honors for the "Freshies." The first half of the main game was fast and very rough, ending 12 to 9 in favor of the school. At the start of the second half the Alumni showed the lack of training and the varsity gained a lead of 12 points in short order.

The game served to bring out some of the shortcomings of the locals which Coach Millisor will asily correct before the first interscholastic fray, but as individuals the boys played well and showed a great deal of aggressiveness so essential to a winning combination. Captain Rawlings led his team both in scoring and general all around playing. At the other forward O. Jones, C. Meyer and G. Mayer, seem very evenly matched and there promises to be a close race for the position vacated by Warner. Simms' center played well, and although a little timid, promises to develop to an excellent pivot man. Fritz Jones was very strong on defense but failed to hit the basket with his usual skill. McLaughlin, Thorpe and Bieberbach all new guards, worked well for the first game. Sherbourne was king for the Alumni securing 18 of their 29 points. Neither Orr nor Warner had much chance as they were closely guarded. Easterday played a close guarding game.

Mr. Reinhold refereed both games in a very efficient and satisfactory manner.

ESTABLISHED IN 1870

Entered as Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 4, 1879.

The Christmas gifts include a vast number of parlor ornaments but very few cooking utensils.

The boy who used to be pleased with an express wagon for Christmas gift now looks for an automobile, and wants to select the Make at that.

A lower rate is usually charged on ladies' tickets to a dance, but no druggist ever felt he could afford to make a cut rate for them on ice cream or sodas.

This singing of carols around the streets on Christmas eve not merely is a lovely custom, but it sometimes leads to offerings of mince pie and hot coffee to the singers.

That Christmas promotes the thankful spirit is proved by the sigh of relief with which the average man finishes up his letters of acknowledgement of gifts.

This suggestion of a Pay-Up-Week in February is regarded with favor by many debtors, as they feel that they won't have to pay their bills again until February, 1917.

After rendering warm and effusive thanks for your Christmas gifts, the next thing with a good many of them is to get them out of the way where you won't have to look at them.

The ability of American manufacturers to imitate closely the usual supplies of Swiss and German toys, will as usual be shown in the readiness with which they get smashed up.

The Congressional Record has too small pages to lay on the pantry shelf or under the parlor carpet, but it weighs very well when the Ladies Aid Society sent around for their old paper collection.

If Gen. Francisco Villa comes to United States there will be a unanimous agreement that his health calls for a sea voyage, and the destination won't make much difference provided it is a good long distance away.

Judge R. S. Shields.
The Canton Daily News of last Saturday announced that Judge R. S. Shields of the Court of Appeals would be a candidate for re-election to the bench next Fall.

Judge Shields will then have finished one term as Judge of the Court of Appeals and according to Democratic usage and in view of his satisfactory service as a Judge will make a strong bid for the support of the voters of the District.

He is now the presiding Judge of the Court of Appeals of this District and by his courtesy and dignity, his thorough knowledge of the law and the fearless impartiality by which he has administered the law are qualities which have endeared him to the lawyers of Newark with-out reference to politics.

doubtful if he could pass the literacy test set up for immigrants.
In the case of Huerta it was soon found that the only safe place for him on American soil was the inside of a jail. Villa, if permitted his freedom in this country, would inevitably hang about the border and become a source of future trouble for the authorities. He is quoted as expressing an intention to make Europe his abiding place if refused refuge here. In such a case Uncle Sam should wish him a long and fervent farewell.

Villa's Surrender.
(New York World.)
There was a time when General Villa, who concluded terms of peace with the de facto Government of Mexico yesterday, might easily have been hailed as the liberator of his country. He commanded a powerful army that fought valiantly. He exhibited many surprising gifts of generalship. For a season he disavowed personal ambition. In spite of his earlier career of lawlessness, if he had remained true to the Constitutionalist cause he would have gained a measure of the fame of a Bolivar or a Juarez.
Partly by reason of his own lack of discipline, partly as a result of jealousy of General Carranza, and partly, no doubt, in response to the influence of certain foreign interests, General Villa rebelled against his own cause in the very hour of its triumph. By his attack upon the Provisional Government in an attempt to promote his own fortunes or to revenge himself upon those who had slighted him, he added immeasurably to the miseries of Mexico and gave himself a name that will remain infamous.

Rippling Rhymes

The Fresh Air Fan.
The fresh air crank is rather trying; he keeps less selfish people sighing. He'd open every door and casement, from garret clear down to the basement, so he can breathe some ice-cold breezes, and give the rest of us diseases. He is a selfish sort of duffer; he cares not how his fellows suffer, so he gets air shipped fresh from Finland, or other ozone markets inland. If he is in an office working, at keeping books or merely clerking, he wants a window open always, so arctic winds may frost his gaiters. And he will chortle as he freezes, among refrigerated breezes. "Oh, jimmie, but this is splendid! Fresh air sees all our ailments ended! I know my teeth are all a-chatter, but that's a thing that doesn't matter; and I have gooseflesh on my system, and frostitbits till you cannot list 'em, and all the clerks around are cursin' each item of my mortal person; but what's the odds? I am inhaling the air that puts an end to ailing. I will not live like stalfied heifers—I'll have my fill of wholesome zephyrs."

Social Surgery on the Bowery.
In the reclamation of man from a life of sin, and in the building up of a character, the one most essential thing, next to the grace of God itself, is self-respect. And how can a man be self-respecting when he has not the means of earning a living, but is dependent upon others? A Bowery mission convert is therefore very quickly introduced to the Free Labor Bureau, where every effort is made to secure him a position. Since the Bureau was organized eight years ago, 27,493 such positions have been found for men. In the meantime temporary work is provided in the Mission Industries, and in the Labor Settlement, now at Tuckahoe, N. Y. The men will be expected to work steadily, but there will be no unduly long hours. They will have good healthy living conditions, adequate social advantages, and at all times an atmosphere of Christian fellowship.—Christian Herald.

Stomach Troubles Quickly Cured.
People go on suffering from little stomach troubles for years, and imagine the have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work.

If these people would take Tonaline Tablets regularly they would be a great big help to the stomach in its strain of over-work. No matter what you eat or drink Tonaline tabs sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

Tonaline Tablets.
not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal. \$1 for a 15 days' treatment. For Sale by Hall's Drug Store.

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

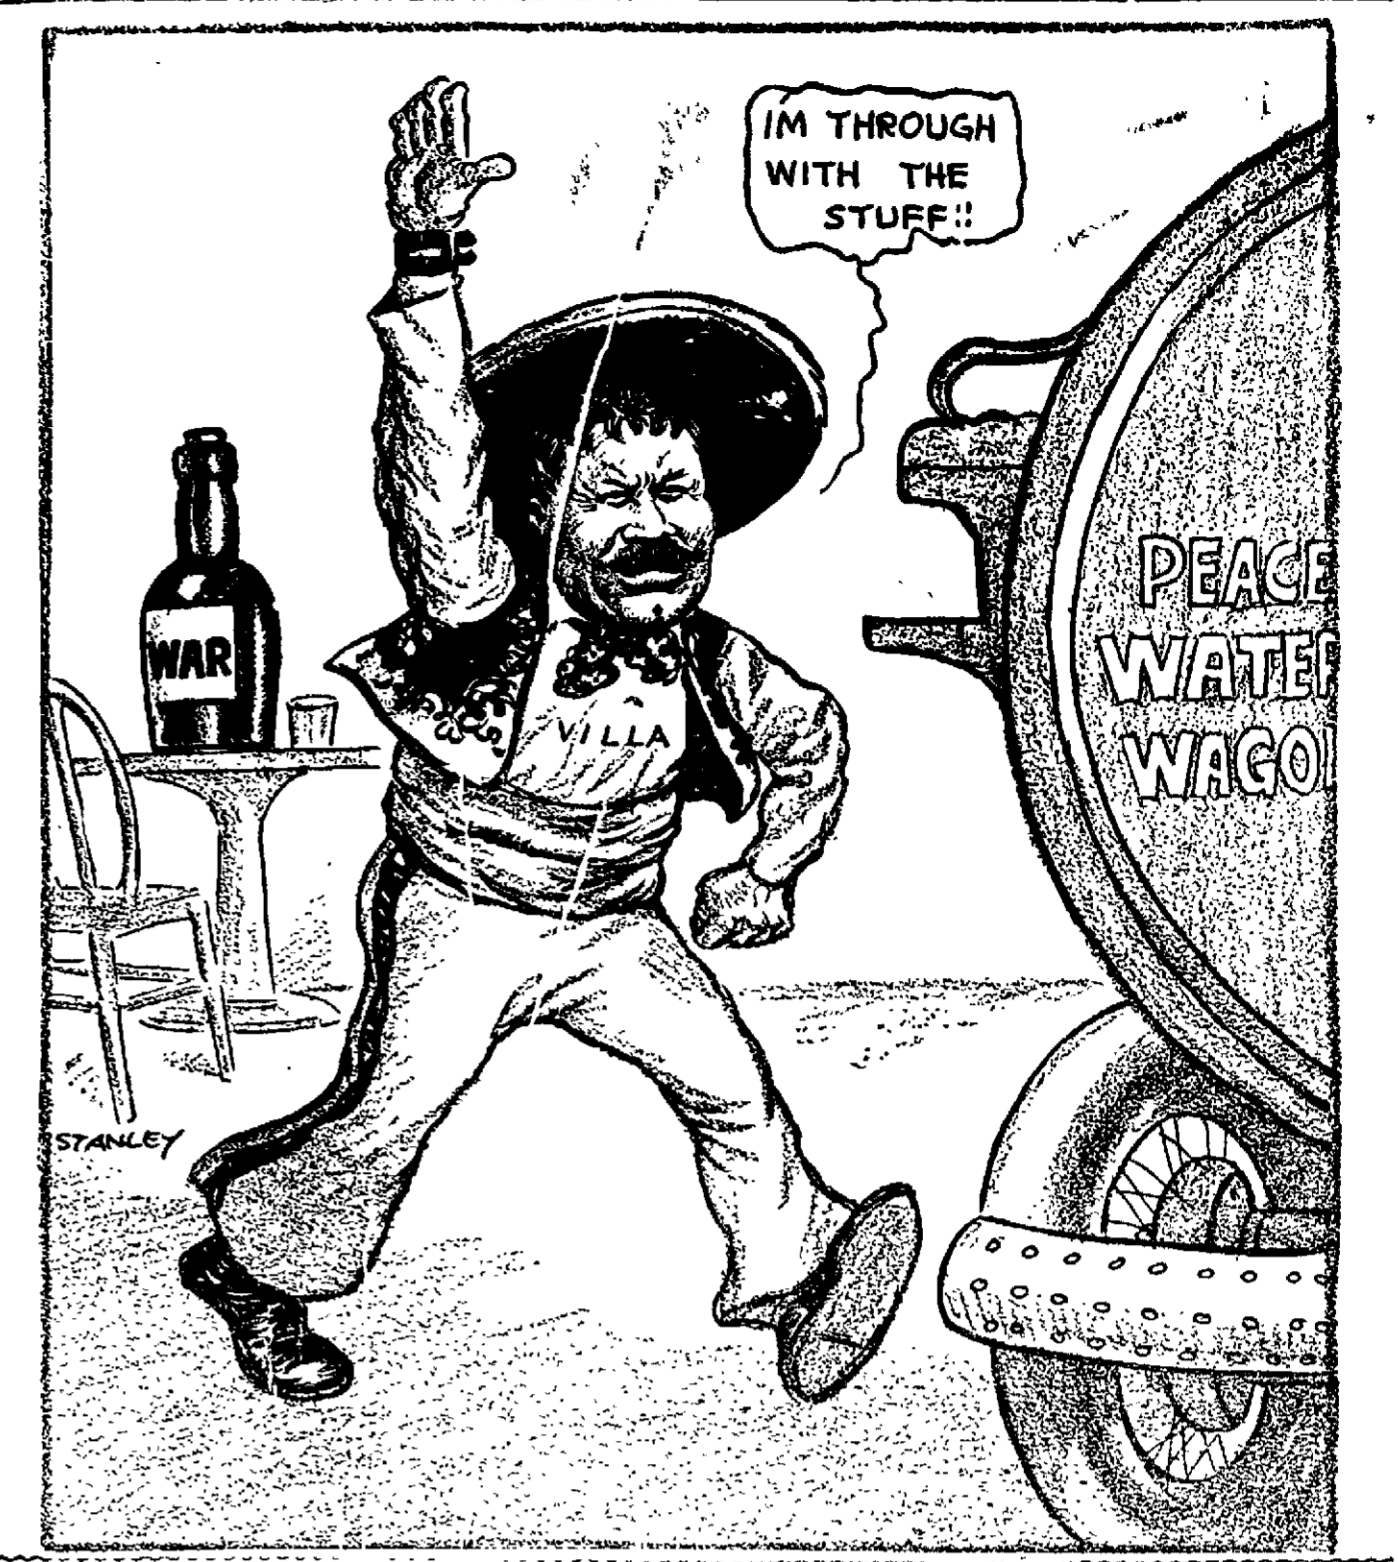

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Jad Salts is sold by all druggists

Space.
"I am selling space in the local street cars," said the advertising agent as he greeted the business man.
"What?" shouted the business man indignantly. "Is that dog robbing street car company going to remove the seats hereafter?"

The Fall of Man.
This is the truth. Be not misled, And this fact do not doubt: You fall in love; then you are wed And have a falling out.
Ever Notice It?
Just chase a street car, and you'll see How fast a car can go. But, after you have caught it, see, It certainly runs slow.

Our Daily Special.
Success isn't in the cards you are dealt; it is in the way you play them.

Luke McLuke Says:
Do not get the idea that a man is a fire eater just because he spouts hot air.

When father has to economize he tells mother to quit buying the articles of food that other members of the family like and he doesn't.
A man is a queer cuss. If his neighbor's wife had been the bride he married and his own wife had been the bride his neighbor married he would imagine that the woman his neighbor married was much superior to the woman he landed.

Somehow or other the man whose luck barely enables him to eke out an existence is the same fellow who always has a horseshoe nailed over his door.

Tell a lie to save a woman and she will always remember you as a gentleman; tell a lie to save a man and he will always remember you as a liar.
It isn't as easy to bull the people as it used to be. The people do not fall for big words nowadays because they know what the big words mean.

If you leave it to a man he will tell you what a light sleeper he is. But if you leave it to his wife she will tell you that the children could bawl all night and he would never hear them.
The trouble with most of the golden opportunities offered you in this life is that the lad who offers them is usually an agent who has everything to gain and only his voice to lose.

Most of us need less starch in our skirt bosoms and more in our backbones.

An engaged man imagines that it is sentiment that makes his girl tie baby ribbons around his love letters and save them. But it isn't.

Religion is a great force for good. But so is the fear of being found out. Before he gets her he says that she doesn't eat any more than a bird. And after he gets her he realizes that an ostrich is a bird.

It is a mighty dumb mule that can't learn something about kicking from the average man.

When she is sixteen nothing less than a prince and a golden palace will suit her. But when she is twenty-six a common ordinary provider and a house with plenty of closets look mighty good to her.

The average business man can tell you that a course in stenography includes almost everything except spelling.

GREAT FOR ECZEMA AND OLD SORES

I Guarantee My Ointment, Says Peterson.

"If you are responsible for the health of your family," says Peterson, "I want you to get a large 25c box of Peterson's Ointment today."
"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim."
"I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blind bleeding and itching piles as well as for burns, scalds, cuts, bruises and sunburn."
"I had 20 running sores on my leg for 11 years. Was in three different hospitals. Amputation was advised. Skin grafting was tried. I was cured by using Peterson's Ointment." Mrs. F. B. Root, 257 Michigan St., Buffalo, N. Y.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

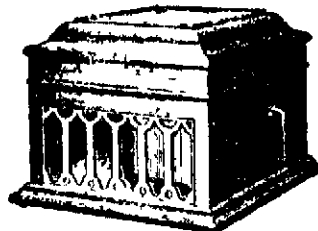

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.
Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Christmas Gifts!

The gift of a Pathephone will make you well beloved by your family. The natural tone of the voice is so well reproduced by this machine, that one could close his eyes and imagine he was hearing the actual voice of the singer. The Pathephone plays all discs, has no needle to change, has an all-wood sound chamber, has perfect tone control, and its records last a lifetime.

Sheet music, listing all the latest popular songs and instrumental numbers, is on sale and is demonstrated on the Pathephone.

Many things absolutely distinctive suitable for gifts.

Announcement cards reading as follows have been received in Newark:

Mr. and Mrs. George E. Davis announce the marriage of their sister Mary Pearl to

Mr. William Hilfinger
Wednesday, December twenty-second nineteen hundred and fifteen Cincinnati

After January first
134 West Locust street
Newark, Ohio

Mr. Hilfinger is a well known engineer employed by the B. and O. railroad company.

The members of the Phi Sigma Chi fraternity entertained with an informal dancing party on Tuesday evening at the fraternity rooms in the Lansing block. The decorations were elaborate and suggestive of the Christmas season. The dance program was furnished by the Rosebraugh orchestra and dainty refreshments were served.

The party was chaperoned by Mr. and Mrs. Fred Warner and the dancers were: Misses Iva Gard, Dorothy Kuster, Lucille McEwen, Elizabeth Clayton, Louise Elliott, Leonine Moore, Adria Harrison, Katherine Davis, Esther Smith, Olive Howard, Margaret Moore, Mary George, and Lenora Phillips.

The members of the East Main Street U. B. church planned a most successful surprise on Rev. and Mrs. A. B. Cox at their home in 260 East Main street on Wednesday evening. The self-invited guests brought many beautiful gifts and the hours were devoted to vocal and instrumental music. Refreshments were served during the evening.

Mrs. William Henry was hostess to the Liberty Sewing club on Tuesday afternoon at her home in Ohio avenue. The afternoon was spent in needlework, after which a three course luncheon was served the following members: Mrs. J. M. Hest, Mrs. E. S. Hickman, Mrs. John Wright, Mrs. Perkins, Mrs. S. Stover, Mrs. Uffner, Mrs. B. I. Allen.

The next meeting will be held at the home of Mrs. E. S. Hickman, 332 Ash street, on January 6.

OLD MARKET TO LOCATE IN 4TH STREET ROOM

The Farmers and Producers Market Company, organized after the new Peoples Market was opened in South Third street, has rented the room in North Fourth street next to Mrs. Thome's confectionary store and will open in that location for business Friday morning.

The court of appeals yesterday sustained the motion of the Peoples Market Company asking for dissolution of the injunction which prevented them from closing the old market in West Main street.

Both the Peoples Market and the Producers Market are advertising a special Friday market for Christmas. Both markets will be open Friday evening.

WANT FAIRBANKS FOR PRESIDENT

Indianapolis, Ind., Dec. 23.—Sixty of the 92 counties in Indiana, have sent in petitions asking that the name of Charles W. Fairbanks be placed on the ballots for the primary next March for the preferential vote for the Republican nomination for President, according to a statement made today by L. W. Henley, secretary of the Republican state central committee. The petitions he said were not out from the committee headquarters until last Friday night.

Miss Mame Moran is ill at her home in South Sixth street, suffering from a severe cold.

MOTHERS—YOUR CHILDREN'S HAIR NEEDS CARE

Scalds of Baldness Come Often From Neglect in Youth.

The hair of some children is naturally backward in healthy development. Growing up to fast, mental and bodily development of these boys and girls makes tremendous demands upon their vital forces. And oftentimes, when there is not enough of that vital force to supply all needs it is the hair which suffers. Dry, dull, brittle, lifeless-looking hair and dandruff is the result and mother is distressed because of its lack of beauty.

Parisian Sage is the ideal hair and scalp treatment for growing children as many mothers can testify. This delicate and wholesome scalp vitalizer is entirely harmless and its nourishing ingredients supply just the elements of nutrition that properly invigorate the hair and scalp, dissolve dandruff and promote healthy normal hair growth.

Many mothers have become personal users of Parisian Sage because of the good it has done their children. Certainly a preparation that is tender and wholesome enough to invigorate baby's scalp is a preparation well suited for mother too.

Parisian Sage is sold by W. A. Erman and many other good druggists, and the cost is trifling.

RETURN TWO CONSPIRACY INDICTMENTS

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 23.—Indictments were returned today charging Paul Koenig, chief detective of the Hamburg-American line, and Richard Emil Leyendecker, an antique dealer, with conspiring to dynamite the Welland canal. Edmund Justice, a Hamburg-American line watchman, was also indicted with Koenig on charges of conspiring to secure military information for the German government.

The indictments against Koenig and Leyendecker charge them with conspiring to "set on foot in the United States a military enterprise against the Dominion of Canada."

The indictments set forth that a part of this alleged conspiracy was to destroy with dynamite, or other means, the Welland canal leading from Port Colborne, on Lake Erie, to Port Dalhousie, on Lake Ontario.

As a part of the plot to destroy the canal the indictments allege Koenig and Leyendecker planned to secure employment for their agents in various factories and mills adjacent to the canal.

STEEL MERGER CAPITALIZED AT \$300,000,000

[ASSOCIATED PRESS TELEGRAM]

New York, Dec. 23.—The proposed merger of Cambria Steel, Youngstown Sheet and Tube company, and two or three other steel companies is now virtually assured, J. A. Campbell, president of the Youngstown company stated today. The stockholders of the Lackawanna Steel company have not yet agreed to this plan of the proposed merger but Mr. Campbell said he considered that phase of the matter as good as settled.

Although the plans are still in a preliminary stage, the interests chiefly concerned are confident that the merger will be concluded not later than February. The name of the new steel company has not been selected nor has the amount of the capital stock been decided upon. Present plans however, indicate the capitalization of at least \$250,000,000, possibly \$300,000,000. The Tuesday meeting of the Youngstown stockholders, said Mr. Campbell was informal and no definite action was taken but the progress so far made assures me that our plans will be carried out. The various plants that will form the merger are not now competitive, either in products or sales territory.

"It is not our intention to acquire or build a plant on the Atlantic seaboard, but a plant may be acquired or built at Chicago. Ship building and car plants will probably be added to the organization at some future time."

Obituary

William Gist.

William Gist aged 71 years died at his home four miles north of Newark on the Water Works road, on Wednesday afternoon at 3 o'clock. He had been ill for the past year suffering from cancer of the stomach which caused his death. He is survived by his wife, four sons, Ernest of Akron, Orr of Newark, and Cal and Edward of the home and one daughter Miss Clara Gist of the home.

The funeral services will be held on Friday afternoon at 1 o'clock, standard time, at the home, Rev. Mr. Frye of Newark officiating and burial will take place in Cedar Hill cemetery.

The United States bureau of fisheries, during the last fiscal year, set a new record in the output of its hatcheries, the total for the year amounting to 4,300,000,000, or about 250,000,000 more than in the previous year.

NEW JITNEY BUS IS MANUFACTURED BY BLAIR COMPANY

A jitney bus manufactured by the Blair Motor Truck company for Cecil A. Bigbee was given a trial test on Wednesday, and gave entire satisfaction. This is the first of this type of machine to be manufactured by the Blair company. It has a seating capacity of about twenty-five, the seats running lengthwise of the car and across the back. It is covered and somewhat resembles a street car, and has electric lights and starter. It is about thirty horsepower and will be placed in operation in Hudson avenue, and according to present arrangements will run from the square north to Charles street, west to Fourth street, south to Elizabeth, east to Hudson avenue and south to the square. After getting a trial run over the streets last night the machine was taken back to the Blair factory for some minor adjustments.

PINK XMAS GIFT.

Mrs. Trevor Davies of Seventh street received an unusual Christmas gift on Wednesday when she was notified that she had received a beautiful Russian wolfhound. The dog was sent from kennels in Kentucky, and is the only dog of this kind to be found in the city. They somewhat resemble the greyhound, but have long silky hair.

Iron Trade Review
Cleveland, Dec. 23.—The Iron Trade Review today says that the iron market is exceedingly strong. Wire prices have been advanced to the highest figures in many years. Cast iron pipe is higher and the general trend of quotations is upward. Freight congestion between Pittsburgh and New York is causing much annoyance and delay in the movement of iron and steel products and machinery. Inquiries footling up several hundred thousand tons of bars for export, principally large rounds for the manufacture of shells, are pending. Blue annealed sheets are extremely scarce and difficult to get at any price. Owing to the high price of spelter, many galvanizing departments of sheet plants have suspended operations. Old material is active and coke is stronger.

Wall Street
(Associated Press Telegram)
New York, Dec. 23.—Coppers and oils were again the leaders at the outset of today's moderately active market.

124, the market underwent a moderate sag, but then rose all around above yesterday's level. Assertions that New York interests with French connections were good buyers led to a further upturn, the market touching a new high price level for the 1915 crop. It was said export sales today would aggregate 1,000,000 bushels. The close was nervous, 2 1/2 to 3 cents higher, with December at 1.21 and May at 1.23. Corn hardened with wheat. The fact that the weather was favorable was offset by continued smallness of receipts. Opening prices which ranged from the same as yesterday's finish to 1/2 to 1/4 higher, were followed by the slight decline, and later on a general gain. Despite heavy selling, the market went to the highest prices yet this season. The close was unsettled at 3 1/4 to 3 1/2 cent advance. The price was governed chiefly by the action of corn. Trade was light, and fluctuations narrow. Scattered buying on the part of the commission houses gave firmness to provisions. Weakness in the hog market was largely ignored. Lard was relatively heavy. It was said stocks of lard were accumulating and that packers were hedging.

A. L. RAWLINGS

(Continued from Page 1.)
Thomas W. Tabler, tailor; George W. Mullin, grocer; G. A. Siebendorfer, motion theater proprietor; D. C. Crider, brother-in-law of the defendant and Pennsylvania ticket agent; Charles J. Heil, meat dealer; J. R. Walters, proprietor of the Arcade Annex hotel; Lloyd G. Millisor, professor in the public schools; Dr. D. W. Knauss, physician and health officer and A. L. Rawlings, the defendant. Attorney Koons stated that many more affidavits could be secured if the court desired. Attorney Fulton said that the defense's motion for a change of venue was based on the fact that the publicity given the case would render impossible, Mr. Rawlings receiving a fair and impartial verdict. The motion asked that the case be assigned to a court in some adjoining county.

Attorney Stasel and County Prosecutor Horner asked that the court reserve his decision on the motion for change of venue, until the afternoon session at which time the state would endeavor to present affidavits in opposition to the motion. Judge Jewell granted the state's request and recessed the case till 1 o'clock this afternoon.

Throughout the arguments presented by the attorneys for both sides, Mr. Rawlings was an interested listener and seemed very complacent despite the reverse ruling by the court on the motion for continuance and demurrers. The afternoon session in the trial of the State of Ohio vs. A. L. Rawlings was fifteen minutes late in convening, owing to the lateness of Attorney W. D. Fulton, who explained to the court that he was delayed in securing newspapers containing the story of the case at the time the grand jury indicted Mr. Rawlings. The court asked that the papers be marked.

County Prosecutor Horner presented to the court nine affidavits filed in opposition to the defense's motion for a change of venue. The affidavits were signed by Eli Hull, Smith L. Redman, Benjamin B. Jones, Attor-

ney Charles L. Flory, Attorney R. F. McDonald, Fred C. Gleichauf, Attorney E. S. Randolph, John Baird, George D. Orr and Joseph Kenz. The affidavits were to the effect that the signers could see no reason for a change of venue and that they believed that the defendant would receive a fair and impartial trial in Licking county. Judge Jewell inquired the number of Licking county residents who were directly interested in the case. The information was furnished the court by Prosecutor Horner that there were twelve persons in Licking county who were interested. The court then held that in his opinion the defendant would receive a fair and impartial trial and overruled the motion for change of venue and noted exceptions.

Clerk B. O. Horton was then instructed to read the indictment to the defendant and Mr. Rawlings was told by the court to stand up. Some little time was consumed by the clerk in reading the lengthy indictment, during which time Mr. Rawlings listened very carefully to every word.

"How do you plead, Mr. Rawlings," asked Judge Jewell. Every eye in the court room was upon the defendant as the crowd waited for his reply. Throwing back his shoulders and squaring his chin the defendant answered in a clear and concise voice, "I am not guilty."

The court then instructed Bailiff Emswiler to call in the jurors and the work of impaneling the jury to hear the case was begun. It is very probable that a jury will be selected before the close of the afternoon session.

Two Dead; Result of Baton Rouge Shooting

(Associated Press Telegram)
Baton Rouge, La., Dec. 23.—Robert L. Knox, prominent New Orleans attorney, Wednesday shot and killed Benjamin Foster of Hattiesburg, Miss., and Alexander Franklin, believed to be from Natchitoches, La., in the Yazoo & Mississippi Valley railroad depot. Relatives of Knox say the man was suffering from mental aberration and that he recently was discharged from a Washington sanitarium.

The new polyvalent serum discovered by French physicians, which is a sort of combination of serums against different varieties of bacteria, is reported to be giving wonderful results in French military hospitals. Wounds so serious and so badly infected that recovery appears quite hopeless are said to heal with surprising rapidity under the use of the serum so that hundreds of lives are saved and much suffering is prevented. Although the serum is being prepared as rapidly as possible, the supply is not sufficient for more than the base hospitals where the worst cases are found.

Eli Shephers, aged 80, of Tilton, Ill., is the only survivor of the 15 soldiers detailed in April, 1865, to guard the body of Lincoln at Washington.

CHARGED WITH BURNING HOUSE AND CONTENTS

F. B. Harrington, of Croton, was tried in Justice P. S. Scott's court Thursday morning on a charge of arson. He is charged with setting fire to a house which he occupied in Croton, in order to collect the insurance on household goods. Justice Scott bound him over to the grand jury in the sum of \$400, and in default of payment Harrington was sent to the county jail. Harrington has lived in Croton but a short time his home being in Zanesville.

When confronted with evidence which assistant Fire Marshals Chas. Miller and Rollo Perry had worked up from a chance remark which a visitor had made to W. W. Walker, state registrar of automobiles, Harrington, is alleged to have confessed at Zanesville last night, that he set fire to a house owned by Cordelia Butts of Granville, which he occupied, in order to get \$400 of insurance on his household goods.

The house and its contents were entirely destroyed. The loss on the house was \$1700 while the insurance on it was \$1200. The household goods were worth \$100.

Harrington lost his position in a garage some time ago. Two months ago he took out the insurance on his goods. The fire occurred December 15. Two days before he sent his wife and child to Zanesville. It also became known that he shipped a portion of his goods there on the same day. These were found concealed by deputies Miller and Perry, between beds at a house at 132 Park street, Zanesville.

The day that his family left Harrington bought a ticket for Marion. Instead of going there, he left the train after riding a short distance and returned to Croton on a freight train. The fire occurred after he arrived. He rode out of town to Centerville on a freight train and then returned to Croton the next day on the passenger train and expressed great surprise upon "discovering" that his house had burned down.

Scientists discover the cause of bleeding gums and loose teeth

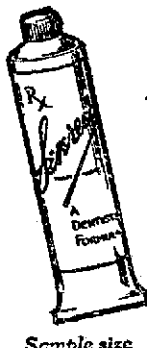

The old idea that bleeding gums
and loose teeth (symptoms of
pyorrhea) are due to little pieces
of tartar or bone under the gums,
has been exploded. Scientists
have made the astounding discovery
that this disease is caused by a
germ which is found in every
human mouth.

This germ is the most active
and destructive enemy of your
teeth. Are you protecting them
against it? You can ward off its
constant attack and escape the
dread results of the disease by
using the proper corrective
and preventive treatment in
your daily toilet.

To meet the need for this
treatment and to enable
everyone to take the necessary
precautions against
this disease, a prominent
dentist has put his own
prescription before the public
in the convenient form

of Senreco Tooth Paste.
Senreco contains the best cor-
rective and preventive for pyor-
rhea known to dental science.
Used daily it will successfully pro-
tect your teeth from this disease.
Senreco also contains the best
harmless agent for keeping the
teeth clean and white. It has a
refreshing flavor and leaves a
wholesome clean, cool and pleas-
ant taste in the mouth.

Start the Senreco treatment
tonight—full details in the folder
wrapped around every tube.
Symptoms described. A
25c two oz. tube is sufficient
for six or eight weeks of the
pyorrhea treatment. Get
Senreco at your druggists
today, or send 4c in stamps
or coin for sample tube and
folder. Address The Sen-
tanel Remedies Co., 506

suggestions since the outbreak of the
European war, the board of ordnance
and fortifications having received an
average of 300 proposals a month, ac-
cording to its annual report made pub-
lic today. A new system has been in-
augurated under which department
heads will pass on these suggestions
in the first instance, relieving the
board of much useless labor as many
of them have no value.

The board is at work, the report
shows, on schemes to prevent the ero-
sion of guns, development of new
equipment for field artillery, shore
control systems, submarine mines, and
torpedoes, range finders, searchlights,
photographic apparatus and many
other devices for the army. It has
asked for \$300,000 to continue its work.

EVERGREEN SERVICES AT PLYMOUTH CHURCH

An evergreen service will be held
at the Plymouth Congregational
church Sunday morning at 10:45.
Persons attending are asked to bring
a sprig of evergreen. At a suitable
time in the services and during the
singing of "Joy to the World," the
congregation will cover the cross
with evergreen. The pastor will
speak on the evergreen as a symbol
of immortality.

REFUSED RENEWALS OF THEIR LICENSES

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Dec. 23.—The state
liquor licensing board has sustained
the Lucas county board in refusing
renewals of saloon licenses to Wil-
liam J. Keene and John J. Tierney,
and reversed the board in the cases
of Harry A. Barnes, and Frederick
J. Zahrt. The application of Edward
C. Sullivan, to reopen his case was
rejected.

85,000 PUPILS HAVE INFLUENZA; PROBE EPIDEMIC

Chicago, Dec. 23.—Approximately
85,000 pupils of the public schools
are absent on account of influenza,
according to reports of school phy-
sicians made to the health depart-
ment. The health department has
considered the epidemic so serious
that an investigation has been or-
dered.

USUAL BILLS FOR IMPROVEMENTS TO RIVERS AND HARBORS

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 23.—Despite prospects of a fight in congress over revenue legislation and the pleas of party leaders for economies, Chairman Sparkman of the house rivers and harbors committee, is planning to report a general waterways bill and there was talk today of the intention of the house public buildings committee, headed by representative Clark of Florida, to report an omnibus bill.

It developed today that when the rivers and harbors committee meets after the holidays to determine its course, there will be up for consideration favorable reports of the army engineers on new projects aggregating about \$120,000,000.

The committee is being flooded with requests of members that projects in their states be taken care of and these together with other data and favorable reports of the war department will be filed away for consideration.

The committee may decide to restrict the bill to continuation of projects already authorized and if so a contest likely will develop in the house on this issue.

Unpatriotic Influence to Blame Says Senator James Hamilton Lewis

Philadelphia, Pa., Dec. 23.—Unpatriotic influences fostered by native-born Americans, growing out of the lack of harmony among classes and resulting in "an order of universal condemnation," were held largely responsible in an address here last night by Senator James Hamilton Lewis of Illinois, for the activities of foreign-born citizens condemned in President Wilson's recent address to congress.

"It is appropriate," said Senator Lewis, who spoke before the New England society of Pennsylvania, "to call attention to the truth that the native-born American citizens have been the educator of the foreign-born adopted American citizen."

"For the last ten years," he continued, "there has been nothing in America which the native-born American citizen has been the educator of the foreign-born adopted citizen."

"For the last ten years," he continued, "there has been nothing in America which the native-born American could find to praise. Everything has been unworthy of support or credit. This order of universal condemnation has been divided into two classes:

"First, the powerful, holding their power from wealth or the accident of position could see nothing in the demand of the masses for justice except the cry of anarchy. They ever condemned the effort to equalize the privileges and opportunities of men as the protest of socialism. They conclude their arraignment of the poor for justice, the middle class for opportunity, and those who struggled for the acknowledgment of the laws of man and God, as either ignorance or crime.

"Here began the first damnation by one set of Americans of the other class in order to avoid listening to their complaints or respecting their grievances. Then followed the natural revenge. The under classes cried out their condemnation against everything that was property or prosperous. This retaliation took the form of accusations against all law-makers as crooks, the impeachment of officials as embezzlers, and judgment and execution against all authority, political or religion, or possessions, earned or inherited.

"Then there arose in the community self-selected leaders, who to advance their ambitions for office or noisy recognition, capitalized these roarings of discontent under the hue and cry of 'Down with society—Death to the courts—Contempt for the law—a scuff at religion and a defiance of God.

"The result was that in the last twenty years the new-born American and the imported American has known nothing of America except that it was a place where all other Americans certified there were no men of honor, no things of decency, no institutions in which any man could have a purpose except to overthrow as being unworthy.

"As a remedy we should promptly establish by law that the right of a citizen to participate in elections is a duty; that the failure of the citizen to perform his duty at the ballot box consecutively for a certain length of time, should be punished by having the right of suffrage withdrawn from him. To this there should be added the further law, enforcing upon all who have enjoyed the benefits of naturalization, the duty to comply with citizenship as loyal Americans, and prescribing that any citizen whose conduct is such as to be unworthy of citizenship should upon the proof of such fact, have the citizenship withdrawn by the order of the courts. With these two remedies reserved to the government, there would be less disbursement of this high prerogative and more of devotion to citizenship in order to be worthy of its continued enjoyment."

WILL BENEFIT BY COURT'S DECISION

Columbus, Dec. 23.—Creditors of the contractor who erected the Lima Postoffice will benefit most largely by the decision of Judge Dillon, of the county courts, handed down today in the suit filed by former Attorney General Hogan against the Empire State Surety company to determine the persons to whom \$50,000 deposited with the state by that company, which failed, should be paid. After paying the debts of the Lima contract upon which the Empire company, was a surety, Judge Dillon directed the remainder of the money be paid to the state superintendent of insurance of New York.

The World War a Year Ago Today—Dec. 23.

Fierce German attacks were reported at Bolimow, on Rawka river. At the confluence of the Rawa and Bzura the assailants used bayonets.

Austria reported the capture of 40,000 Russians in five days and a total of 200,000 in prison camps.

Germany reported recapture of Miawa, Poland, and general repulse of the Russians. The Germans had assumed the offensive in East Prussia to support Von Hindenburg's new attempt on Warsaw.

MINISTER TAKES POISON IN HOTEL LEAVES \$1,900

New York, Dec. 23.—A man who registered at a hotel here as the Rev. James Canals, minister of St. Louis, committed suicide last night by drinking an acid. The manager of the hotel became alarmed at the clergyman's continued absence from the desk and his body was found when an entrance was forced into his room.

A letter was found by the police in which the Rev. Mr. Heswell said he had determined to end his life because he had no friends or interests to occupy his time. He asked that \$1,900, which would be found in his trunk, be given to some institution for the homeless. His request probably will be carried out, as a search of the room revealed \$1,950 in bills.

It is said Heswell is not known in St. Louis.

Lima, Dec. 23.—Mrs. C. Polk Goodson, wife of a Presbyterian minister who disappeared from Lima 10 days ago, was unable to say last night whether the man who registered in New York as Rev. James C. Heswell and said he was a Presbyterian minister, could have been her husband or not. In the letter received from Rev. Goodson several days ago, mailed on a train between St. Louis and Chicago, he told his wife he was going East and might locate there.

More New House Coats The Hub. NAVAL ADVISORY BOARD IN SESSION

New York, Dec. 23.—Problems affecting the United States navy are under consideration by members of the naval advisory board, who are here today for their second general meeting. After the preliminary of the last three months the board is now ready to consider formally the important questions referred to it.

In the course of its meetings, the board will visit the New York navy yard, where a division of the Atlantic Fleet is assembled. The naval advisers will have an opportunity to inspect the new battleship California and her system of electric propulsion as well as the turbine engines now being installed in the Arizona.

EMPLOYEES
OF INTERNATIONAL HARVESTER COMPANY TO SHARE IN LATTER'S PROFITS.

Plan Becomes Effective Tomorrow and 35,000 Employees May Become Shareholders.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 23.—The International Harvester company, announced a plan today to assist its 35,000 employees to become stockholders and sharers in the company's profits.

Under the plan, which becomes effective tomorrow, all employees will have an opportunity to purchase profit-sharing certificates in the company, payment for which will be made in monthly installments from their salaries.

These certificates may be converted into stock at three dollars below the market value.

The profit-sharing certificates range in denomination from \$50 to \$1,000. To each employee who takes advantage of the offer before March 1, 1916, the company will add to his payment one per cent of his earnings annually.

Interest will be paid at the rate of 5 per cent per annum on all employees payments and credits on his profit sharing certificate.

Provision is made for postponement of payments in case of illness or unavoidable layoff.

Certificates can be turned into cash at the will of the employee.

The plan will terminate in January 1921.

Granville

(Special to The Advocate)

Granville, Dec. 23.—A steady down pour of rain on the muddy streets and sticky sidewalks of this flourishing village has temporarily dampened the ardor of the "Christmas spirit" so much in evidence a few days ago. However, experience has taught that weather conditions in this fair state are as variable as the alleged moods of charming woman, and that tomorrow may bring the ideal white Christmas so ardently longed for.

President C. W. Chamberlain has returned from Cleveland, where he attended an important meeting of the Survey Committee of the Denison Board, on Monday. That something most satisfactory was the outcome of that session is more than hinted. Dr. Chamberlain radiates cheer and promises further information later. The members of the committee were guests of Mr. Ambrose Swazey at the Union Club in Cleveland all day Monday, those in attendance being: Mr. Eugene Barney, Mr. Edward Canby, Mr. E. A. Deeds, Judge B. F. McCann, Dayton; Judge Charles T. Lewis, Toledo; Mr. Henry A. Sherwin, Dr. H. F. Stillwell, Mr. Ambrose Swazey, Cleveland, and President C. W. Chamberlain of Denison University who presided.

President Chamberlain expects to spend Christmas at home strictly en famille, and on the 27th he will go to Columbus where he is on the reception committee of the American Association for the Advancement of Science. This is a great event, as fully five thousand societies will be represented. Two-thirds of the Denison faculty will probably attend some if not all of the meetings.

The Sunday school entertainment in the Baptist church auditorium last evening under the efficient management of Mrs. Robert Biggs was one of the great successes of the winter. The missionary pageant in which many small children took part was highly entertaining, and the miscellaneous second part was equally enjoyable. A quartette composed of Mrs. C. D. Coons, soprano; Mrs. M. E. Stickney, alto; Prof. Johnston, tenor, and Mr. Kenneth Ullman, bass furnished some delightful music, for the most part Christmas hymns, which diffused the proper Christmas spirit.

Miss Blanche La Ferre opened her home in South Main street, Tuesday evening for the entertainment of the Fortnightly club. Three papers of unusual interest were read and much instruction gained by the members present. The first paper presented a comprehensive view of "Garden Cities" of which New York, Minneapolis, Dayton and other places have been cited as notable examples, prepared and read by Mrs. H. W. Emswiler; the second treated of "City Gardens" the municipal idea of city gardens and was skillfully handled by Mrs. C. J. Loveless. "Flower Gardens," the third topic of this fascinating series was viewed in its more private and intimate aspects, by Miss Williams, and proved of practical value to her hearers. Her own garden, your garden or mine might have furnished the model for her pen picture.

Mrs. Edgar Earl Kessel who has been visiting her sister Mrs. C. J. Loveless in East Broadway, has returned to her home in West Virginia.

Mrs. George Walker of Cincinnati is visiting her parents, Dr. and Mrs. C. L. Williams in Elm street. She will be joined here by Mr. Walker where both will spend the holidays.

Miss Laura Cook who has been attending Wooster college, returned home last night to spend the holidays with her parents, Dr. and Mrs. E. P. Cook in South Main street.

Mr. and Mrs. H. W. Emswiler are spending the vacation at their old home in Utica, Ohio.

Mr. H. Lovell Carr, and son, Lovell, Jr., of New York City, were registered at the Buxton House yesterday and called on old family friends during the evening. Mr. Carr was in Denison in the late 80's.

The body of Mrs. Ella Nachtrud Carr of Wooster was interred in Maple Grove cemetery on Wednesday afternoon at half past two o'clock, with relatives of the deceased and

LEST WE FORGET

There seems never an end to the demands upon the generous hearted and public spirited of our city and one point for concerted effort is no sooner through with than another limes up. We passed through the Y. W. C. SEEKS SETTLEMENT OF \$15,000,000 CLAIM

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 23.—Alfred R. Urion, attorney for the Chicago packers, announced today that he will sail for England Tuesday, to endeavor to obtain an adjudication of the \$15,000,000 claim of the packers for cargoes of meat seized by the British and withheld from their destination.

The seizures began a year ago in October and ended last June. Mr. Urion said he expects to obtain full settlement of the claims.

State Department Will Ask Congress For New Building

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 23.—The need of a new building to accommodate the growing needs of the state department, now mainly housed in the southern wing of the state, war and navy building, is again urged upon congress in a memorandum submitted by Secretary Lansing.

"The department," Secretary Lansing says, "has for some years outgrown its present quarters and has had to house in outlying buildings several of its most important bureaus, every one of which has been vitally affected by conditions arising from the European war. Their quarters are inadequate and inconvenient. One of these annexes is a private dwelling, overcrowded with clerks, and overloaded with valuable records subject to total loss in case of fire."

PRIEST AND EDITOR DIES.

Cleveland, Ohio, December 23.—Rev. William McMahon, aged 61, for 22 years editor of The Catholic Universe, died last night. Death was caused by pneumonia. Rev. Mr. McMahon had been in ill health since he lost his entire fortune in 1909 in a bank failure.

HOSPITALITY

AT STATE INSTITUTIONS EX-PENSIVE BURDEN FOR OHIO TAXPAYERS.

State Auditor's Examiners Urge That Institution Officials Charge up Meals Eaten by Their Guests.

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., December 23.—Entertaining private guests with expensive hospitality at some of the 18 state institutions has become an imposing burden on the government of Ohio, and the management of these institutions according to a report of state examiners made public today by State Auditor Donahay. It was the first auditing report on state institutions ever made, either before or after they were placed under the management of the state board of administration. Mr. Donahay said. Examiners J. E. Harper and F. M. Hoopengartner, did the work under a special legislative appropriation and at the request of the board of administration.

The examiners and Auditor Donahay declare the state's benevolent, correctional and penal institutions are managed now with high order of efficiency, compared with the times when each was independent, and praise particularly the elimination of politics in their affairs. Among the improvements recommended, however, is a system of charging meals

eaten by guests at institutions to the authorities doing the entertaining.

"The state has sufficient burdens in taking care of its wards and providing for their comfort," says the examiners, "and it should not be imposed on by furnishing board to guests. The records of the girls' industrial home at Delaware show that during the quarter ending February 15, 1914, there were served to visitors 1234 meals gratis. This condition has reached a stage where it has become an annoyance to the management."

The report shows the total annual cost to the state, exclusive of investment in property, of caring for its wards, as follows:

State hospitals—Athens, \$141; Cleveland \$136; Columbus \$177; Dayton \$136; Toledo \$173; Massillon \$122; Longview \$166; Gallipolis \$177; for feeble-minded \$144; Mt. Vernon sanatorium \$466.

Correctional institutions—Penitentiary \$159; Mansfield reformatory \$264; Lancaster boys' industrial school \$146; Delaware girls' industrial home \$146.

Benevolent institutions—Soldiers' and sailors' orphans home, \$346; Madison soldiers' home \$371; school for deaf \$395; school for blind \$387.

The annual cost of food alone per capita, \$45 at the penitentiary, or 13 cents a day; this is the lowest record of any state institution. The highest is recorded by the Mt. Vernon sanatorium for tuberculous patients \$260, necessitated by need of foods for dieting. Yearly cost of food at other institutions for each ward is—Madison home \$100; soldiers' and sailors' orphans home \$84; Longview hospital \$79; school for blind \$70; school for deaf \$54; institution for feeble-minded \$74; Athens hospital \$74; Cleveland hospital \$54; Cleveland hospital \$59; Columbus hospital \$62; Dayton hospital \$60; Toledo hospital \$71; Massillon hospital \$55; Gallipolis hospital \$63; boys' industrial school \$60; girls' industrial home \$65; reformatory \$64.

The examiners criticize the system, which allows such varying expenditure for food and other items of maintenance in institutions of similar function. They say also that institutions which ship their farm products to other institutions should charge and collect for them as if they were sold to an outside interest.

Officers of a number of institutions are to well supplied with fancy foods and buy too many newspapers and magazines, at state expense, the report declares. Officials of the Cleveland state hospital, it is said, get "vegetables out of season, delicacies, fancy groceries, etc." Similar criticism is directed at Longview and Massillon hospitals. Longview spent \$248 a year for magazines and newspapers. The examiners characterize high class magazines for general reading among patients as "waste."

The report covers a period from September 15, 1913, to June 30, 1915.

FEDERAL BLDG. MUDDLE NEARS SETTLEMENT

Washington, Dec. 23.—Negotiations which have delayed the construction of a federal building at Newark for 10 years appear about to end. The treasury department today notified Representative W. A. Ashbrook that if the city will dismiss certain legal proceedings the government will be disposed to pay off a judgment of \$16,000 awarded the Ashbrook Company as damages for shutting off the light from the hotel and proceed with the construction of the building. If this plan is carried out, the department will be in shape to advertise for bids by July 1 next.

KEEP THE KIDNEYS WELL

Health is Worth Saving and Some Newark People Know How to Save It.

Many Newark people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Newark citizen's recommendation.

C. McCough, 164 W. Main St., Newark, says: "I had kidney trouble since a child and suffered a great deal. I finally used Doan's Kidney Pills and they made a cure. My back is now strong and my kidneys act properly. I enjoy the best of health."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCough had. Foster-Milburn Co., Preps, Buffalo, N. Y.

For Rheumatism.

As soon as an attack of Rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once.

A grateful sufferer writes:—"I was suffering for three weeks with Chronic Rheumatism and Stiff Neck, although I tried many medicines, they failed and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the biggest department store in S. E. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment.—H. B. Smith, San Francisco, Cal.—Jan. 1915. At all Druggists."

SERVICES OF ENGINEERS GIVEN FREE TO FARMERS.

Farmers who find it necessary to lay out special systems of land drainage, water supply or sewage disposal plants on their farms can receive assistance from the Extension Department, Ohio State University, Columbus, Ohio, for the asking. Often levels and fails determine the efficiency of water systems and it is important that these should be laid carefully. The department will send a specialist to your farm to lay out the levels and to offer suggestions as to the best methods to pursue. No fee will be charged for the services but the farmers in the community are to be invited to see the demonstration.

BUTCHERING NOTES.

Butcher hogs at home. Give them water but no feed a day before killing. Bleed the hog with an eight-inch straight blade knife. Be sure the bleeding is done before scalding or the skin may be left too red. Scrape quickly and rapidly as possible after scalding. A cold carcass is hard to scrape well. Keep the hog moving in the barrel. If the animal is left pressed against the barrel the hot water cannot get at that part of the carcass. Scraping is easier when a shovelful of hardwood ashes, a lump of lime, some concentrated lye, or a handful of soft soap has been added to the water. Scald when the temperature of the water is between 140 and 150 degrees.

Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive but Unequaled

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2½ ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for \$2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in guaiacol and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for "2½ ounces of Pinex" and don't accept anything else. A guarantee of absolute satisfaction, money promptly refunded, comes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Theatres

Alhambra, Friday and Saturday.
"Jane," a filmization of the brilliant Chas. Frohman comedy by the Oliver Morosco-Photoplay Co., starring Charlotte Greenwood and Sydney Grant of musical comedy fame, will be the Paramount Picture attraction at the Alhambra theatre for two days beginning Friday.

"Jane" was written by W. H. Lestocque, Chas. Frohman's personal manager in Great Britain who put the producer in the way of making a fortune through "Charley's Aunt," a favor Frohman never forgot.

"Jane" was first produced in London with Charles Hawtry and the brilliant Lottie Venne, and Frohman produced it in this country in 1890 with Miss Johnstone Bennett in the title role. Miss Bennett played it five continuous seasons, creating a sensation in the part. The play has become one of the historic successes of the theatre, its comedy now being counted classic. The advent of Uncle Andrew in young Shackleton's bachelor hall produces a series of complications that are screamingly funny.

Thaw Court Reproduced.
Although "The Strange Case of Mary Page" is not the same sort of a murder story as that of the Thaw case, the Essanay company has reproduced every detail in their studios the court room in which Harry Thaw was tried.

It is necessary that the court room scenes in which Edna Mayo is tried for murder be accurate and it was believed that the Thaw court room would serve as the best possible model.

Miss Holmes in Wild Leap.
There is nothing so good as a thrill, according to Helen Holmes. In a forthcoming chapter of the big screen novel, "The Girl and The Game," the dainty daring girl leaps from one racing engine onto the tender of another engine.

The risk was so great that Director McGowan crossed the scene out of the scenario. Miss Holmes, however insisted and finally when she agreed to take all the responsibility, she was permitted to make the leap. The result is one of the biggest heart-stirring sensations the screen has offered.

MOVIE STAR INSURED.
An accident insurance policy for \$100,000 has been taken out by Samuel S. Hutchinson, president of Signal Film corporation, on Miss Helen Holmes, star of The Girl and The Game. The scenario calls for so many personal risks on the part of the heroine, that as a business precaution, it was deemed advisable to have the policy written.

CONTRIBUTIONS
INCREASE FOR MUNICIPAL TREE

Contributions this morning for the Community Christmas tree were larger than on any single day except the first when the fund was started with three \$5 donations. Today's contributions, up to noon, amounted to \$14, which brought the total amount of the subscriptions up to \$71.00.

To accomplish the same amount of good as last year, this amount should be tripled. There is much want in the city, in spite of the fact that fewer men are without employment. The daily bulletins of the Associated Charities tells of these cases needing attention.

Your subscription may be sent to this office and will be duly credited. Christmas day, it will be turned over to the Associated Charities and a branch of that organization will have charge of its distribution.

B. & O. PAYS MEN BEFORE CHRISTMAS

Baltimore, Dec. 23.—All employees of the Baltimore and Ohio system from the Atlantic Seaboard to the Mississippi river, including the men working on branch lines, will receive their pay this year before Christmas and in time to enable them to do whatever shopping they or their families plan for the holidays.

When the management decided to pay all employees before Christmas special arrangements were made by the pay-roll branch of the accounting department and the paymaster's force. The employees in charge of paying their fellow-workers entered into the spirit of the plan with cheerfulness and volunteered to work at night in order to finish the task at least a week earlier than is done during the rest of the year. The force worked late several nights last week and will continue doing so this week in order that the cash may be in the hands of all before the Christmas holidays.

It has been arranged to pay all employees by December 23. The work was organized in the general offices so that the pay-rolls on distant divisions were handled first in order to reach all simultaneously. Train schedules were taken into account and allowance made for possible failure to make connections with branch line service during the holiday rush.

The employees in the general offices who are paid in cash received their salaries last Saturday in order to give them the benefit of the half-holiday in making Christmas purchases. This is the first year that the plan has been undertaken, but disregarding the extra expense entailed the management will place the pay in the hands of between 65,000 and 70,000 employees on its rolls.

Trimmed Christmas tree, 7th grade, Hartzler school.
Large sack of toys, the Misses Evans' kindergarten, Granville.

Opportunities increasing.
1. An aged man, alone, won't give up working and work is hard to find. He should have \$1 a week for the next three months. There are others like him.

2. A family consisting of parents and children. Moving expenses from another city; irregular work on account of sickness; unforeseen expenses from unexpected conditions. All combine to overtax the earnings of one worker. There are many such families who need a small allowance to help out.

3. A widow with children to support. She works at a factory, but her wages are \$2 a week short of expenses. She, also, represents a class and a worthy one.

Let us have money to supplement these wages and give such needy ones a Christmas present every week this winter. We hope to receive many gifts before Christmas. Please help us.
